#### **REASONS FOR ALLOWANCE**

The following is an examiner's statement of reasons for allowance:

The primary reason for allowance claims 1, 14 and 20 is that the prior art of record does not teach a nozzle for directing a steam jet toward a surface of a roll to be cleaned and a base element connected to the first and second body elements. The base element defines the first, second and third apertures in which the first and second apertures being in communication with a suction means and the third aperture being in communication with a steam feeding means.

Any comments considered necessary by applicant must be submitted no later than the payment of the Issue Fee and, to avoid processing delays, should preferably accompany the Issue Fee.
